
Arts and Sciences Committee on Curriculum and Instruction
Subcommittee C
Minutes
February 09, 2005

Present: Andereck, Seloni, Saphiro, Shelton, Williams, Feth, Yerkes

Course Requests:

Design 160, course change request.

requesting Visual & Performing Arts or Social Science

not approved

- *The syllabus lacks some specific information as to how this course is addressing to GEC social science category. Not enough emphasis is put to social science. The only weeks that are associated with some social science perspectives is the weeks 6 and 7.*
- *Learning objective #2, which seems very important to Social Science category, is not mentioned in their GEC justification.*
- *It is not clear if they want this course to also pursue visual and art category*

Proposal for a minor in the People, Society, and Environment track of the Department of Geography

approved

Soil Sciences 101, course change request

requesting Natural Science, Physical Sciences

- *Concurrence letters can be sent to Geography and Anthropology departments.*
- *Grading scale needs to be revised.*
- *The members want to see the similar courses from the major to see how different this course is from the rest.*

Revisions to the Evolution and Ecology major program course requirements

Deferred to the next meeting

Respectfully Submitted,
Lisya Seloni
Graduate Administrative Assistant
Arts and Sciences Curriculum Office
