Music 288, new course request

Bebop to Doowop to Hip-hop: the Rhythm and Blues Tradition

Note: cross-listed with AAAS 288. Approved by the Humanities Committee, contingent on a 25 word description (the description is too long), including a rationale for the objectives for the GEC and listing the category and objectives on the syllabus, and including a calendar of due dates for assignments on the syllabus.

Approved, with conditions:

- 5 credit hours should be listed in the syllabus
- The grading scale (i.e. A-/B+, B-/C+, etc.) is confusing. D+ is missing from the grading scale.
- Clarify the fraction of time in which students are listening to the CDs.
- The 18 character title is too long. We suggest dropping the "to"s or changing the 18-character title to "Rhythm and Blues".
