

## Minutes

### **Discussion regarding the establishment of an Undergraduate Research Number**

#### **Guest: Linda Schoen, Assistant Executive Dean, Arts and Sciences**

699 is a potential number, and only 3 departments at the University currently use it: Dance, Classics, and Social Work. Linda is talking with those departments. When establishing the research number, departments will have the option of deciding if they want to establish it or not; making it variable credit hours; graded vs. S/U; repeatable; and how it can/will count on a major program.

### **CAA's proposed recommendations regarding the Engineering GEC proposal**

John Parson will draft a response to CAA subcommittee C.

### **Other business**

Dave Andereck reminded everyone that Assessment plans are due April 15<sup>th</sup>. Don't forget the cover sheets that needs to be submitted with the original report.
