

Hi Debbie,

I have spoken with the Gregory Jusdanis, Director of Modern Greek Studies and Fritz Graf, Department Chair about updating the Modern Greek Minor Data Advising Sheet. Modern Greek 104 is a required course because it must be taken prior to taking any elective courses and completes the language course sequence.

This is the same policy for nearly all other foreign language 104 courses. The reason why it was listed on the “required courses” list and not the “prerequisite courses” list on the advising sheet in the first place is a mystery. Since new Modern Greek courses have been put on the books in the last 5 years, it doesn’t make sense for Modern Greek 401 to be listed as a separate “required course” if it is only a prerequisite for 3 of the 10 elective courses and doesn’t complete the advanced Modern Greek sequence. So 401 has been placed on the “electives” list. This then gives students additional elective courses from which to choose for the completion of the minor. The “required courses” list then (104 and 401) is unnecessary. On the old sheet, students had to take a minimum of 8 courses; 3 prerequisites (101-103), 2 required (104 and 401), and 3 elective courses. On the new sheet, students still take a minimum of 8 courses; 4 prerequisites (101-104) and 4 from the electives list. Essentially, the true credit hour requirement is the same (40). The rearrangement of 104 and 401 and the deletion of the “required courses” list just change the spoken minor requirement from a minimum of 25 credit hours to 20 credit hours which is in line with nearly all other foreign language minors. (To my knowledge, all except Chinese).

I hope this has proven to be helpful in clarifying the changes my department wishes to make. Attached is the requested version of the advising sheet. If you have any additional questions, feel free to let me know.

Comment [k2]: ASC advisors would not approve a substitution of an allied course; this must have departmental advisor permission. If you would like to provide us with a list of allied courses, than they can, and both advisors can be listed.

Comment [k1]: Please restate what an "allied course" means. Could be confusing for students and advisors.
