Program Learning Goals

Note: these are required for all undergraduate degree programs and majors now, and will be required for all graduate and professional degree programs in 2012. Nonetheless, all programs are encouraged to complete these now.

Program Learning Goals

Assessment

Assessment plan includes student learning goals, how those goals are evaluated, and how the information collected is used to improve student learning. An assessment plan is required for undergraduate majors and degrees. Graduate and professional degree programs are encouraged to complete this now, but will not be required to do so until 2012.

Is this a degree program (undergraduate, graduate, or professional) or major proposal? Yes

Does the degree program or major have an assessment plan on file with the university Office of Academic Affairs? No

Program Specializations/Sub-Plans

If you do not specify a program specialization/sub-plan it will be assumed you are submitting this program for all program specializations/sub-plans.

Pre-Major

Does this Program have a Pre-Major? No

Dear Office of Academic Affairs:

The information in this letter lists all current programs in The Department of Linguistics, summarizes unit-level review processes for programs and course conversion, and describes processes used for continued review and evaluation of Linguistics courses and programs.

Programs. The Department of Linguistics offers five programs that will undergo semester conversion. There are no changes to the program requirements. There are new courses, however. These include only graduate level seminars that have been taught in a modified form as a general linguistics seminar. All are elective and listed in the rationale and transition policy for each graduate program.

The five linguistics programs are:

1. PhD Program
2. MA Program
3. Combined BA/MA Program
4. Undergraduate Major
5. Undergraduate Minor

Unit Level Review Processes for Semester Conversion. I have overseen the entire conversion process and developed a course of action to ensure a smooth transition. This plan included assigning department members to working groups, establishing course and program conversion goals, and developing a timeline for work to be completed. Faculty member Dr. David Odden, serves as the department liaison with the College of Arts and Humanities and reports information directly to me and to Dr. Julia McGory, the undergraduate program coordinator. Dr. McGory has collected course and program data from me, Dr. Odden, and department faculty and staff and has input these data into the electronic course approval system.

In winter quarter, 2010, faculty, two graduate students, a BA/MA student and teaching staff were assigned to eight working groups that focused on conversion of doctoral courses in six specific linguistics content areas (Historical Linguistics, Psycholinguistics, Phonetics/Phonology, Computational/Corpus Linguistics, Syntax/Semantics/Pragmatics, Field Methods/Corpus Building), the MA programs (including the BA and MA degrees), and the Undergraduate Programs (including the minor and BA degrees). The goals of each committee were to determine: (1) Linguistics courses that must be taught to complete the program degree in the semester system; (2) the semester in which courses would be offered to allow for timely completion of the program degree; and (3) changes, if any, that should be made to the program and courses that allow for both (1) and (2) above.

Guiding principles were established in order to ensure that course content, teaching load, and sequencing of courses were taken into consideration while developing semester plans for each Linguistics program. Guiding principles included: (1) calculations for credit conversion; (2) recommendations for maintaining same course content; and (3) recommendations for teaching load.

Conversion planning operated within a specified timetable beginning with initial discussions at faculty meetings during the 2010 winter quarter followed by working group meetings during the end of 2010 winter and spring quarters. Committees provided final drafts of proposals prior to the end of winter quarter. At this time, materials were compiled and prepared for submission. During the summer quarter, program and course materials were submitted into the PACER system by Dr. Julia McGory.

To oversee the continued development of all programs before, during, and after semester conversion, departmental committees exist that will continue to monitor the success of Linguistics programs. The MA and PhD programs are reviewed by the Graduate Studies Committee. The undergraduate programs and courses are overseen by the Linguistics Undergraduate Curriculum Committee. Members include two faculty members, the Undergraduate Coordinator and the TA Coordinator. The combined BA/MA program is overseen by the Undergraduate Coordinator (representing the BA side) and the Graduate Studies Committee (representing the MA side). Each committee reports to the department chair who shares information with department faculty and staff at linguistics department meetings.

On behalf of the Department of Linguistics, I recommend for approval each of the five Linguistics Programs: the Linguistics Minor program, the Bachelor's of Arts program, the Combined Bachelor and Master's program, The Master's program, and The Doctorate of Philosophy program.

Sincerely,

Dr. Elizabeth Hume
Department Chair

THE LINGUISTICS MASTER OF ARTS PROGRAM RATIONALE AND TRANSITION POLICY

THE LINGUISTICS MA PROGRAM

This document includes the following:

1. Rationale
2. List of Semester Courses
3. Transition Policy

1. Rationale

Development of the Linguistics MA program and courses is a continual process that is overseen by the Linguistics Graduate Studies Committee. Currently, there are no changes to the program requirements. No courses have been eliminated and nine elective courses (if approved during the semester transition process) will be added. These are listed below. We do not expect there to be any significant changes in the frequency of offering or our ability to accommodate graduate students.

New courses include:

- 5051 Quantitative methods
- 5203 Syntactic Theory III
- 5603 Sociolinguistic Field Methods
- 5702 Psycholinguistics II
- 7890.09 Commies discussion group
- 7890.11 Sociolinguistic Meaning Discussion Group
- 8650 Seminar in Contact Linguistics
- Sk5904 Vedic Sanskrit
- Sk5905 Sanskrit Reading Group

2. List of Semester Courses

(1) MA Program for Non-Linguistics PhD Students

Core Requirements (two are required):

5202 Syntactic Theory II

5102 Laboratory Phonology

Core Electives (two are required):

5101 Phonetics: Phonetic Theory

5302 Topics in Advanced Phonology

5601 Introduction to Sociolinguistics

5602 Introduction to Quantitative Sociolinguistics

5701 Psycholinguistics I

5901 Introduction to Historical Linguistics

7901 Historical Phonology

5201 Syntactic Theory I

5301 Phonological Theory I

Electives (five are required):

5551 Field Methods I

5801 Computational Linguistics I

5401 Linguistic Semantics I

5001 Formal Foundations of Linguistics

5002 Algebraic Linguistics

5051 Quantitative methods

5203 Syntactic Theory III

5351 Morphology

5402 Linguistic Semantics II

5451 Formal Pragmatics

5500 Language Description

5501 An Introduction to African-American English

5552 Field Methods II

3. Transition Policy

Students who started the Linguistics MA program in the quarter system and will complete the requirements in the semester system will not experience a delay. We anticipate there being approximately 10 MA students who will be affected by semester conversion. Should any unexpected changes occur that affect student progress, substitutions of required courses will be

possible. In order to assist graduate students through the transition process, additional office hours will be devoted to individual advising sessions.

Program Requirements: The Linguistics MA degree can be obtained in three ways: (1) by students completing a PhD in an OSU program other than Linguistics; (2) by students completing a PhD in Linguistics; and by (3) students completing a BA/MA degree (described in a separate document). This document outlines the coursework required by MA students of type (1) and (2).

Currently, in the quarter system, the Linguistics M.A. requires completion of a minimum of 45 credit hours, generally nine 5-credit courses. In the semester system, the minimum requirement is 30 credit hours, generally ten 3-credit courses. In other words, one additional course is required in the semester system. Students who begin their Linguistics graduate degree in the quarter system will not be required to complete these 3 additional semester credits. Required courses include a **core set** (outlined below) and **elective courses** (including research hours) which are to be determined by the student and the advisor(s). Electives are chosen from graduate level courses that are 600-level or above in the quarter system or 4000-level or above in the semester system. Together the core and elective courses fulfill the 45 quarter credit requirement or the 30 semester credit requirement.

List of Semester Courses

(1) Students Completing a PhD in another department

Four core courses are required. These must each be completed with a grade of B+ or higher.

- | | |
|--|---|
| 1. Ling 5201 (quarter-602.01) | "Syntactic Theory I" |
| 2. Ling 5301 (quarter-603.01) | "Phonological Theory I" |
| 3. Ling 5701 (quarter-615)
Ling 5101 (quarter-600.01) | "Psycholinguistics" or
"Phonetic Theory" |
| 4. Ling 5901 (quarter-611)
Ling 5601 (quarter-661.01) | "Introduction to Historical Linguistics" or
"Introduction to Sociolinguistics" |

This M.A. core course requirement can also be satisfied by completing the relevant subsequent courses with a grade of B+ or higher in place of one or more of the four courses listed above. The relevant subsequent courses are:

- | | |
|---|--------------------------------|
| 1. Ling 5202 (quarter-602.02)
may substitute for Ling 5201 | "Syntactic Theory II" |
| 2. Ling 5302 (quarter-603.02)
may substitute for Ling 5301 | "Topics in Advanced Phonology" |
| 3. Ling 5102 (quarter-600.02)
may substitute for Ling 5101 | "Laboratory Phonology" |
| 4. Ling 7901 (quarter-801)
may substitute for Ling 5901 | "Historical Phonology" |
| Ling 7902 (quarter-802)
may substitute for Ling 5901 | "Historical Morphology" |
| 5. Ling 5602 (quarter-661.02)
may substitute for Ling 5601 | "Quantitative Linguistics" |

(2) Students Completing a Linguistics PhD

Requirements changed in Autumn 2009 and two sets of requirements are described here.

Onset prior to Autumn 2009 -- Four 3-semester-hour courses constitute the basic "core" for all students who entered the program before 2009, and are thus to be taken by all of these students.

- | | |
|--|--|
| 1. Linguistics 5201(quarter-602.01) | “Syntactic Theory I” |
| 2. Linguistics 5301(quarter-603.01) | “Phonological Theory I” |
| 3. One Course in Experimental Methods
Linguistics 5101 (quarter-600.01) | “Phonetic Theory I” |
| Linguistics 5701 (quarter-615) | “Introduction to Psycholinguistics” |
| 4. One Course in Linguistic Variation:
Linguistics 5901 (quarter-611) | “Introduction to Historical Linguistics” |
| Linguistics 5601 (quarter-661.01) | “Introduction to Sociolinguistics” |

Onset from Autumn 2009 -- Six 3-semester hour courses constitute the basic "core" for all students who entered the program in Autumn 2009 and following years, and are thus to be taken by all of these students.

- | | |
|--|-------------------------|
| 1. Linguistics 5101(quarter-600.01) | “Phonetic Theory” |
| 2. Linguistics 5201 (quarter-602.01) | “Syntactic Theory I” |
| 3. Linguistics 5301 (quarter-603.01) | “Phonological Theory I” |
| 4. Linguistics 5401 (quarter-683.01) | “Semantics I” |
| 5. Two courses drawn from two out of the following three groups: | |

Introduction to synchronic and diachronic variation:

- | | |
|---|--------------------------|
| Linguistics 5601 or 5602 (quarter-661.01, 661.02) | “Sociolinguistics” |
| Linguistics 5901 (quarter-611) | “Historical Linguistics” |

Introduction to language and cognition:

- | | |
|--------------------------------|-------------------------------------|
| Linguistics 5701 (quarter-615) | “Introduction to Psycholinguistics” |
| Psychology 7847 (quarter-847) | “Language Development” |

Building and crunching language corpora:

- | | |
