Dear Dr. Weinberg,

I'm responding to your request that Ms. Vankeerbergen mentions in the message below.

OAA will approve your request to retroactively apply GEC status to the Economics 508 Winter 2010 offering.

Retroactively changing credit hours, however, can have a negative impact on student financial aid and we will not be able to approve the request for H596.

Sincerely,
Melissa

Importance: High

Dear Melissa:

A course change for Economics 508 was recently approved by OAA. According to ECA, the course is now in DARS. Though the course change is supposed to take effect in Spring 2010, Professor Weinberg would like to know whether the changes could be retroactively applied to the students who will be taking the class in Winter 2010. I am attaching Professor Weinberg's letter to Vice Provost Smith.

The letter also mentions Economics H596, a course that is currently being reviewed by the ASC Honors Curriculum Committee. I have attached a copy of the same letter to the H596 ECA package so that it reaches your office together with all the courses' documents when it leaves ASC.

Thank you very much for responding to Bruce Weinberg's request. (Could you please cc us on your response?)

Best,
Bernadette Vankeerbergen
