A General Elective

State the need and purpose of the course. Indicate how the course relates to the primary goals of the academic unit/school/college/university.

Students will be challenged to critically consider different value systems, competing interpretations of the relationship between humans and nature, and the varying ways that social power is organized to influence and/or determine the status of natural resources.

Indicate the nature of the program adjustments, new funding, and/or withdrawals that make possible the implementation of this new course. Evidence must be given of whether the budget support will come from reallocation of existing resources or from new program funds.

None

Is approval of this request contingent upon the approval of other course or curricular requests? Yes No

Describe any changes in library, equipment, or teaching aids needed

Purpose of the proposed change

To have the course approved as a GEC

Proposed change impacts course contents?

Describe the method of funding if the proposed changes involves budgetary adjustments
