Subject: Professional Pathways Course

Dear Jessica,

The purpose of this email is to specifically indicate my support for the course you are proposal in the Professional Pathways series to explore careers in Student Affairs. I appreciated the opportunity to collaborate as you developed the course, and believe that it will provide a good opportunity for students to better understand this career path. To the degree that I am able, I will be glad to help you identify appropriate speakers. The course should help the field recruit and develop and broader base for the profession.

Please let me know if you need anything further for the committee's consideration of the proposal,
Ada Demb
