1. Provide the rationale for proposing this course:

The Department of Mathematics is proposing a track for undergraduate math major in financial math. This course is the core course of the track. The course will provide students with background ideas in using mathematics in financial asset pricing and prepare students for further study in financial mathematics.

2. Please list Majors/Minors affected by the creation of this new course. Attach revisions of all affected programs. This course is (check one): Required on major(s)/minor(s) A choice on major(s)/minors(s) An elective within major(s)/minor(s) A general elective

3. Indicate the nature of the program adjustments, new funding, and/or withdrawals that make possible the implementation of this new course.

No new founding is necessary. The course will be taught within the regular teaching duties of mathematics faculty.

4. Is the approval of this request contingent upon the approval of other course requests or curricular requests?

Yes No List: Financial Mathematics track in the mathematics major

5. If this course is part of a sequence, list the number of the other course(s) in the sequence: _____

6. Expected Section Size: 15-20 Proposed number of sections per year: 1

7. Do you want prerequisites enforced electronically? (see OAA manual for what can be enforced) Yes No

8. This course has been discussed with and has the concurrence of the following academic units needing this course or with academic units having directly related interests (List units and attach letters and/or forms): Not Applicable

9. Attach a course syllabus that includes a topical outline of the course, student learning outcomes and/or course objectives, off-campus field experience, methods of evaluation, and other items as stated in the OAA curriculum manual and e-mail to ascurofc@osu.edu.
