A General Elective

Indicate the nature of the program adjustments, new funding, and/or withdrawals that make possible the implementation of this new course. Evidence must be given of whether the budget support will come from reallocation of existing resources or from new program funds.

A concurrent request for funding by The Ohio State University Honors & Scholars Center is being submitted. The Animal Sciences department will provide the funding to sustain this course.

Is approval of this request contingent upon the approval of other course or curricular requests? Yes No

Describe any changes in library, equipment, or teaching aids needed

There will be additional transportation costs for activities at the Animal Centers and laboratory costs.

Purpose of the proposed change

An honors embedded version of Introductory Animal Sciences is offered; however, due to enrollment status in the embedded course (>20 students enrolled each offering), we are proposing a separate honors course. A syllabus is attached including changes in course format for the honors version.

Proposed change impacts course contents?

Describe the method of funding if the proposed changes involves budgetary adjustments
