Overview

The complex interrelationship between and among music, media, commerce, political consent, and social dissent has both shaped and reflected the crucial social and political movements of American history, profoundly impacted the lives of individual Americans, and provided an economic foundation for a protest music industry. Using both topical and chronological frameworks, this course examines musical practice, evolving media technologies, as well as selected political, social, and commercial enterprises engaged in the creation and distribution of socio-political commentary and protest of which music is a central feature.

Through lecture, media presentation, reading, and class discussion, this course will both explore and critically examine the music and musicians of American protest and the social, political, economic, and environmental circumstances that inspired it.

This course fulfills an elective requirement of the Music, Media, and Enterprise minor and may be chosen as an elective in the Bachelor of Arts in Music.

Selected Goals & Objectives

- To increase awareness of the history and diversity of social/political protest and commentary in music using assigned listening, reading, lecture and media presentation.

- To explore, critically consider, and discuss music as social/political commentary and protest, as well a tool to influence public opinion and consent.

- To improve the ability to develop and effectively communicate critical responses to complex artistic and social issues. Factual knowledge and critical understanding will be assessed in both verbal and written forms via class discussions and written examinations.

- Note: To protect student confidentiality grades will never be provided by phone or email. Grades will only be available via Carmen or during office hours.

Policies & Expectations:
- Permission to make-up an examination is not automatic. Request permission, in writing (email is preferred), in advance. Makeup examinations will be scheduled only when the instructor approves your request.
- As a courtesy to fellow students, the subject matter, and the instructor, please turn off cell phones and pagers during class.
- Since coming in late or leaving early tends to be disruptive, please try to avoid doing so.

Participation & Discussion
Participation requires more than simple attendance. Participation includes giving your full attention during class, being prepared by reading assignments before class, asking questions, and making contributions to the class discussion. In this class, participation also includes writing posts to five assigned online discussion assignments (as noted on schedule below). In addition,
students are required to respond to other student’s posts. Both original posts and responses may include both fact and informed opinion (citing sources for facts), but must use appropriate language, demonstrate integrity, and express respect for diversity and difference. Failure to complete online discussion assignments or appropriately participate in classroom activities will negatively impact your grade.

**Critical Research Project:**

- 8-10 pages (1500+ words) of *substantive* content
- APA style
- References:
  
  A minimum of 5 references from a variety of sources that represent legitimate inquiry and that are suitable for academic conversations is required. In other words, you may use the Internet as a resource with the following understanding: The INTERNET IS NOT THE ONLY source of reference materials; Wikipedia is not necessarily a legitimate source of information suitable for academic publications; utilizing Internet sources that are simply copies of one post does not represent multiple opinions, ideas, or sources of information; blogs are most often personal opinion or anecdotal evidence.

  With this understanding, you should be able to make good decisions about reference materials. If you are still unclear, email me with your questions.

Your opportunity to successfully achieve 100% on this paper requires the examination of both music and other forms of media that cover the same topic and time period. If you choose to examine a single media or musical source, you will receive a 20% reduction for the paper grade.

**Discussion Topics**

For each topic (listed below) you must post one to two paragraphs of original thought on the assigned subject. You may express your own opinions, but you must support it with fact. When you use another writer and/or source, you must cite it.

1. If “yankee doodle” is an insult, why would “Yankees” use it as a rallying cry? Who was their intended audience or audiences? What was their message? What did they want listeners to do?
2. The description of America as a cultural and social “melting pot” is well established. What does the film “Gangs of New York” suggest about the experience of being “in the pot?” What role does music play in that film and, based on assigned readings and class discussion, what role did music play in the assimilation of new cultures into America?
3. What was the significance of “Route 23” to the laborers of Kentucky early in the 20th century? How does this compare to experiences of African-American farm workers of the Deep South? Why is movement—whether the highway, the railway, or the riverway—so critical to the American experience? Can you think of modern musical examples that talk about mobility and what it means to be an American?
4. What do the songs “Allentown,” “We Can’t Make It Here Any More,” and “The Preacher and the Slave” have in common? How are they different?
5. Choose one of the “protest music videos” we discussed in class: how did the visuals and music interact in that particular case? Did one strengthen, weaken, or change the meaning of the other? Can you generalize about the significance of the “music video” in modern political and social discourse? What about in modern commercial enterprise?
Academic Misconduct
It is the responsibility of the Committee on Academic Misconduct to investigate or establish procedures for the investigation of all reported cases of student academic misconduct. The term “academic misconduct” includes all forms of student academic misconduct wherever committed; illustrated by, but not limited to cases of plagiarism and dishonest practices in connection with examinations. Instructors shall report all instances of alleged academic misconduct to the committee (Faculty rule 3335-5-487). For additional information, see the Code of Student Conduct (http://studentaffairs.osu.edu/info_for_students/csc.asp).

Disability Services
Students with disabilities that have been certified by the Office for Disability Services will be appropriately accommodated, and should inform the instructor as soon as possible of their needs. The Office for Disability Services is located in 150 Pomerene Hall, 1760 Neil Avenue; telephone 292-3307, TDD 292-0901; http://www.ods.ohio-state.edu/.

The escort service is available for students enrolled in evening courses. The phone number is 292-3322.
