Choice of Minor(s)

A General Elective

State the need and purpose of the course. Indicate how the course relates to the primary goals of the academic unit/school/college/university.

Increasingly, students need instruction and experience with multi-media journalism. This has become an essential component of training in journalism and making students viable on the job market. We currently do not offer any courses that teach students and give students experience with multi-media journalism. This course is designed to fill this important gap.

Indicate the nature of the program adjustments, new funding, and/or withdrawals that make possible the implementation of this new course. Evidence must be given of whether the budget support will come from reallocation of existing resources or from new program funds.

A new multi-media lab is being built and will be ready by Autumn 2009 for this course.

Is approval of this request contingent upon the approval of other course or curricular requests? Yes No

Please complete and attach the form(s) on the following page before completing the package.
