A General Elective

State the need and purpose of the course. Indicate how the course relates to the primary goals of the academic unit/school/college/university.

See rationale in course syllabus. In addition to housing the Islamic Studies major, NELC offers a number of courses relating to different aspects of Islamic Studies; this proposal is the first in a number of NELC Capstone proposals expected in the near future.

Indicate the nature of the program adjustments, new funding, and/or withdrawals that make possible the implementation of this new course. Evidence must be given of whether the budget support will come from reallocation of existing resources or from new program funds.

This course will be taught by an Assistant Professor in NELC some of whose current research interests correspond closely with the course content. He will offer it as part of his regular teaching load in rotation with other GEC courses in NELC; as such its budget support will come from a reallocation of existing resources.

Is approval of this request contingent upon the approval of other course or curricular requests? Yes No
