State the need and purpose of the course. Indicate how the course relates to the primary goals of the academic unit/school/college/university.

This course was previously offered as Soc 673A, a special topics in sociology / criminology designation. We recently changed the course number for 673B (capital punishment) to 505 (Capital punishment in the U.S.). As a consequence of that change the University inadvertently eliminated the Soc 673 course number from the books. We are re-establishing this course with its own number.

Indicate the nature of the program adjustments, new funding, and/or withdrawals that make possible the implementation of this new course. Evidence must be given of whether the budget support will come from reallocation of existing resources or from new program funds.
