State the need and purpose of the course. Indicate how the course relates to the primary goals of the academic unit/school/college/university.

We need an 800-level seminar in narratave and narrative theory to reflect the breadth and depth of our research strength in this area, to give students who take English 761 (Intro to Narrative and Narrative Theory) the opportunity to do more in-depth work in the field, and to free English 876 (Studies in Critical Theory) for courses and faculty focused in different areas of critical theory.

Indicate the nature of the program adjustments, new funding, and/or withdrawals that make possible the implementation of this new course. Evidence must be given of whether the budget support will come from reallocation of existing resources or from new program funds.

Implementation is supported by existing resources (new hire bringing strength to five core faculty in Project Narrative).

Is approval of this request contingent upon the approval of other course or curricular requests? Yes No
