A General Elective

State the need and purpose of the course. Indicate how the course relates to the primary goals of the academic unit/school/college/university.

This course fills a gap by providing instruction in environmental ethics, and capitalizes on the immersion setting at Stone Lab to enhance students' engagement with complex and philosophically challenging subject matter.

Indicate the nature of the program adjustments, new funding, and/or withdrawals that make possible the implementation of this new course. Evidence must be given of whether the budget support will come from reallocation of existing resources or from new program funds.

No program adjustments necessary.

Is approval of this request contingent upon the approval of other course or curricular requests? Yes No
