A General Elective

State the need and purpose of the course. Indicate how the course relates to the primary goals of the academic unit/school/college/university.

This course is intended to fill a gap in our curriculum and examine crime in a global context from a criminal justice perspective. Many of our undergraduate majors and minors have federal law enforcement aspirations and have been asking for a course on this topic within the major and we are finally able to provide one for them.

Indicate the nature of the program adjustments, new funding, and/or withdrawals that make possible the implementation of this new course. Evidence must be given of whether the budget support will come from reallocation of existing resources or from new program funds.
