If you have questions, please contact Jed Dickhaut @ [dickhaut.1@osu.edu](mailto:dickhaut.1@osu.edu).

Expected Section Size 40      Proposed Number of Sections Per Year 1

- Course time less than 1 full term or Workshop
- Off-campus offering?
- Required on Major(s)
- Required on Minor(s)
- Elective within Major(s)
- Elective within Minor(s)
- Choice of Major(s)
- Choice of Minor(s)

A General Elective

Indicate the nature of the program adjustments, new funding, and/or withdrawals that make possible the implementation of this new course. Evidence must be given of whether the budget support will come from reallocation of existing resources or from new program funds.

Change will not involve new funding.

Is approval of this request contingent upon the approval of other course or curricular requests?  Yes  No

Describe any changes in library, equipment, or teaching aids needed

**Purpose of the proposed change**

The number of Actuarial Science majors has increased significantly in recent years. Math 618, 630, 631, 632 are core requirements for those students. Students outside of Math and Actuarial Science do not have as much need to enroll in those courses: space is not available for them. When suitable instructors are hired the course size will expand.

Proposed change impacts course contents?

Describe the method of funding if the proposed changes involves budgetary adjustments

Please complete and attach the form(s) on the following page before completing the package.
