Subject: Proposed Sexuality Studies Major

Dear Debra and Mollie,

Today CCI reconsidered the proposed Sexuality Studies Major. Please find below a summary of CCI's feedback:

- Terry Gustafson and Valarie Williams would like to meet with you to develop structured tracks for the focus area possibilities.
- Once the changes are made, CCI would also appreciate a cover letter from you explaining the rationale for the proposed structure.
- It was proposed that Sexuality Studies 620 become a decimalized course so that various topics be attached to their own decimal number (e.g., one decimalized number for sexuality, violence and religion; one for violence against GLBT people). This point too could be discussed with Terry and Valarie.
- It was suggested that expected learning outcome number 2 be rephrased as follows: Students who major in Sexuality Studies will be able to "critically analyze in discussion and in writing some of the numerous issues that cohere around the study of sexuality."

I hope these points will help you prepare your meeting with Terry and Valarie. Please let me know if you have any questions.

Best wishes,
Bernadette
