State the need and purpose of the course. Indicate how the course relates to the primary goals of the academic unit/school/college/university.

We have, to date, been teaching everything African American under the number 752, which is a ?topics? number. The number served us well when we didn?t have the faculty to teach many courses with the regularity necessary to keep them in the books. But we now have the faculty and can staff these courses.

Indicate the nature of the program adjustments, new funding, and/or withdrawals that make possible the implementation of this new course. Evidence must be given of whether the budget support will come from reallocation of existing resources or from new program funds.
