Jennifer Lando
Director, ASC Curriculum Office
Brown Hall
CAMPUS

Dear Jennifer Lando,

I am forwarding proposals from English for two graduate-level courses in Literacy, English 750, and English 884. We have invited Education to cross-list both courses, and History to cross-list the 800-level seminar. We are sending sample syllabi for both classes.

At the same time, we are requesting a change in listing for English 580, Special Topics in Gay and Lesbian Language and Literature. This course should have been listed both as "U" and as "G," and we have been asked to correct the oversight so that the course can be a part of a proposed interdisciplinary graduate minor.

If you have any questions about either proposal, please let me know.

Sincerely yours,

A handwritten signature in cursive script that reads "Clare Simmons".
