State the need and purpose of the course. Indicate how the course relates to the primary goals of the academic unit/school/college/university.

This course gives context--an intellectual framework--to determine what students need to know to sort the abundance of information on Information Professions, how to find it, how to evaluate its accuracy and reliability, how to legally use the information, and how much weight each piece of information should have in their personal decision making.

Indicate the nature of the program adjustments, new funding, and/or withdrawals that make possible the implementation of this new course. Evidence must be given of whether the budget support will come from reallocation of existing resources or from new program funds.

This course will be replacing an existing online course, and will be taught by existing staff.

Is approval of this request contingent upon the approval of other course or curricular requests? Yes No
