Subject: RE: Sciences CCI Subcommittee E-VOTE Results
Date: Monday, April 11, 2011 1:52:17 PM

All,

To summarize, all 8 subcommittee members voted to approve both programs below.

For the Communication Technology Minor,

- (1) At least 6 credits need to be at the 3000 level or above
- (2) The Program Learning Goals should be written in student-centered language ("Students + action verb) or simply deleted to be consistent with the 3 other Communication minors (Organizational Communication; Communication; Media in Society).

If you'd like to add anything to that, please let me know.

Best,
Bernadette

Subject: Sciences CCI Subcommittee Meeting - Monday 4/11/11 Meeting CANCELLED/E-VOTE

Dear Sciences CCI Subcommittee Members—

The Sciences CCI Subcommittee meeting scheduled for Monday, April 11, 2011, has been **cancelled**.

However, we do have two items that we are asking you to provide an electronic vote on:

- Deactivation BA Evolution & Ecology: <http://crmtview.asc.ohio-state.edu/currofc/tracking.cfm?TrackingID=2487>
- Communication Technology Minor: <http://crmtview.asc.ohio-state.edu/currofc/tracking.cfm?TrackingID=2267>

(Note: CRMT indicates an original version and a revised version. When the minor reached us first in November, we were told that it was advanced by mistake, and the program was returned. Thus, this is the first time that the Sciences Subcommittee will be looking at this minor.)

After you have familiarized yourself with the 2 programs, please cast your vote. We'll proceed as follows: **reply to ALL** and tell us clearly whether each program is (1) **approved** (if necessary, with a few outstanding issues to be included in Jim's letter to CCI) or (2) **sent back**.

E-voting period will **end Monday, April 11 at 3:00PM (the usual time for our subcommittee)**.

Please let me know if you have any questions.

Best & enjoy the nice weather on Sunday!

Bernadette
