**A. Course Offerings Bulletin Information**

Follow the instructions in the OAA curriculum manual. If this is a course with decimal subdivisions, then use one New Course Request form for the generic information that will apply to all subdivisions; and use separate forms for each new decimal subdivision, including on each form the information that is unique to that subdivision. If the course offered is less than a quarter or a term, please complete the Flexibly Scheduled/Off Campus/Workshop Request form.

Description (*not to exceed 25 words*): Introduction to instrument facilities and how elemental chemical analysis and electron microscopy data can applied to research in earth and environmental sciences

Quarter offered: Autumn Distribution of class time/contact hours: 10 hours/quarter  
 Quarter and contact/class time hours information should be omitted from Book 3 publication (yes or no): no

Prerequisite(s): none

Exclusion or limiting clause:

Repeatable to a maximum of 2 credit hours.

1. Provide the rationale for proposing this course:  
 Provide brief introduction for incoming graduate students to applications of elemental chemical analysis and electron microscopy (equipment available within Geological Sciences) to earth and environmental sciences research so that students are aware of the potential of these capabilities on their research projects.

**RECEIVED**

2. List Major/Minor affected by the creation of this new course. Attach revisions of all affected programs. This course is (check one) Required  Elective  Other (Explain)

JUN 17 2005

**ASC CURRICULUM**

3. Indicate the nature of the program adjustments, new funding, and/or withdrawals that make possible the implementation of this new course.

Not applicable

4. Is the approval of this request contingent upon the approval of other course requests or curricular requests?

Yes  No  List:

5. If this course is part of a sequence, list the number of the other course(s) in the sequence: \_\_\_\_\_

6. Expected section size: 10 Proposed number of sections per year: 1

7. Do you want prerequisites enforced electronically (see OAA manual for what can be enforced)? Yes

8. This course has been discussed with and has the concurrence of the following academic units needing this course or with academic units having directly related interests (List units and attach letters and/or forms):  
Not Applicable

9. Attach a course syllabus that includes a topical outline of the course, student learning outcomes and/or course objectives, off-campus field experience, methods of evaluation, and other items as stated in the OAA curriculum manual.

**Approval Process** The signatures or actions on the lines in ALL CAPS ( e.g. ACADEMIC UNIT) are required.
