Subject: Semester conversion approval for the BA in Art and the Art Studio Minor
Date: Wednesday, December 22, 2010 12:10:50 PM

Dear Sergio,

The CCI Arts & Humanities 1 (Arts Intensive) Subcommittee met on December 13 and unanimously approved the BA in Art and the Art Studio Minor, pending the following revisions:

For the BA in Art:

- Learning goals on p. 1: remove "should."
- Fifth learning goal on curriculum map is not present on the first page of PACER form.
- Small typo in letter of the chair: p.2: next to the last paragraph: ". . . new internship opportunities. The faculty is eager to ..."
- Semester advising sheet:
 - Number for Writing 1 is known: 1100.
 - Year 3: "Art requirement" should say "GE."
 - Remove Language 4 (in year 4).
- Transition plan: add paragraph for the BA

For the Art Studio Minor:

- Program Learning Goals: wording issue (student-centered language). Also, if these are two separate goals, indicate as much.
- Letter of chair refers to MA: remove/replace letter since MA no longer exists.
- Rule recently approved by CCI that 6 credits should be at 3000 level or above: How to reconcile this rule with the current course numbering of this minor? Perhaps in this case we could ask for exception that 2500 be considered 3000 level in this minor (also perhaps issue needs to be raised again at CCI level).

The committee will review the Art BFA during the next meeting.

Thanks very much,

Carol
