Program Learning Goals

Note: these are required for all undergraduate degree programs and majors now, and will be required for all graduate and professional degree programs in 2012. Nonetheless, all programs are encouraged to complete these now.

Program Learning Goals

Assessment

Assessment plan includes student learning goals, how those goals are evaluated, and how the information collected is used to improve student learning. An assessment plan is required for undergraduate majors and degrees. Graduate and professional degree programs are encouraged to complete this now, but will not be required to do so until 2012.

Is this a degree program (undergraduate, graduate, or professional) or major proposal? No

Program Specializations/Sub-Plans

If you do not specify a program specialization/sub-plan it will be assumed you are submitting this program for all program specializations/sub-plans.

Pre-Major

Does this Program have a Pre-Major? No

Dear Provost Alutto:

RE: Proposed Semester Conversion for Entrepreneurship Minor

On behalf of the Fisher College of Business, we recommend approval of the proposed revision to the existing Entrepreneurship Minor to accommodate conversion to a semester-system schedule.

The Entrepreneurship Minor consists of the following elements:

- Two introductory courses in Entrepreneurship
- Three elective courses to be chosen from additional courses in Entrepreneurship as well as related courses from other university departments. The elective courses are arrayed in three content areas.

Responsibility for the Minor is vested in the Undergraduate Programs in Business Committee (UPC). Professor Rao Unnava, Associate Dean for Undergraduate Programs, chairs the UPC. The Minor is supervised by Professor Michael Camp, Executive Director of the Fisher College Center for Entrepreneurship.

The proposed Entrepreneurship Minor is a straightforward conversion from Quarters to Semesters with some additional minor elective course options as enhancements. There are no changes in required courses. The proposed Entrepreneurship Minor draws on courses approved by the various Fisher academic departments during fall 2010 and approved by the UPC, as well as on courses from other university departments.

Office of the Dean

We concur with the recommendation of the UPC and recommend the proposed Entrepreneurship Minor curriculum and courses be approved.

Sincerely,

Christine A. Poon
Dean and John W. Berry, Sr. Chair in Business

Dear Provost Alutto:

I write on behalf of the Undergraduate Programs in Business Committee (UPC) and the Fisher College of Business Faculty to recommend the proposed revision of the existing Entrepreneurship Minor to accommodate the conversion from a quarter system to a semester system schedule.

Background

The undergraduate Entrepreneurship Minor was first introduced in 2005. It was developed to provide students in other university colleges as well as Fisher College with the opportunity to study entrepreneurship, entrepreneurs, and the entrepreneurial process.

Designed for capturing the economic value in creative ideas for commercially viable products and services, this educational program enhances a student's understanding of entrepreneurship, encourages exploration into personal career opportunities through entrepreneurial studies, and develops specific competencies in the creation, growth, and leadership of entrepreneurial enterprises. The minor requires successful completion of a minimum of 15 hours and five courses.

Rationale

The Entrepreneurship Minor is undergoing a straightforward conversion from Quarters to Semesters with all Quarter courses having Semester equivalents. There are no changes in the structure of the minor curriculum, but several additional minor elective courses have been added as enhancements to the program.

Approval

The proposed Entrepreneurship Minor draws on courses approved by the various Fisher academic departments during fall 2010, as well as on courses from other university academic departments. The Entrepreneurship Minor curriculum was reviewed by Professor Michael Camp as director of the program and approved by the UPC.

Transition Policy

As all courses are a straightforward conversion from Quarters to Semesters, there is no transition per se. Courses can be taken under either Quarters or Semesters. The five Minor courses can be taken in any order or any combination as long as pre-requisites are met. The two required courses should be taken first, and the first course is pre-requisite to the second.
