Hi Bernadette,

See the information below from Andrew Zircher on the Developmental and Prevention Science Minor.

Hi Debbie-

The department that initiated the request for the minor in Development and Prevention Science, Human Development and Family Science, decided not to pursue the minor at this time. The proposal was considered at a CAA meeting, but based on discussions about the minor at that meeting, the department pulled the minor from consideration and it will not be offered in the near future. If the department decides to pursue the minor at a later date, we will notify Arts and Sciences and ask if the changes necessitate ASC re-approval.

Hi Andrew,

Is the new semester minor Developmental and Prevention Science, one of yours. If so we are also going to need the semester minor sheet for that one also.

Thanks!

Debbie
