Program Learning Goals

Note: these are required for all undergraduate degree programs and majors now, and will be required for all graduate and professional degree programs in 2012. Nonetheless, all programs are encouraged to complete these now.

Program Learning Goals

- Cultural awareness: Students demonstrate a broad general knowledge and understanding of Italian culture, including history, literature, society, music and fine arts, and appreciation of the concept of culture and global awareness.
- Comprehension: Students understand the main ideas, as well as many of the cultural references and subtleties of authentic Italian, such as oral (radio, TV, film) and written (literature, newspapers), routine and more technical business practices
- Speaking: Students participate in fairly sophisticated discussion of ideas in the foreign language on a number of topics and will be able to defend positions and disagree with peers using cogent arguments.
- Critical Analysis: Students understand and analyze relatively complex ideas presented in full-length, original texts in a variety of genres (such as literary prose, poetry, theater, history narratives, essays and advertisements).
- Writing and Critical Expression: Students use the contextual knowledge gained from exposure to the major historical, socio-cultural, and literary periods of Italian cultural history to discuss and write on a number of topics.

Assessment

Assessment plan includes student learning goals, how those goals are evaluated, and how the information collected is used to improve student learning. An assessment plan is required for undergraduate majors and degrees. Graduate and professional degree programs are encouraged to complete this now, but will not be required to do so until 2012.

Is this a degree program (undergraduate, graduate, or professional) or major proposal? Yes

Does the degree program or major have an assessment plan on file with the university Office of Academic Affairs? Yes

Summarize how the program's current quarter-based assessment practices will be modified, if necessary, to fit the semester calendar.

No modifications will be necessary.

Program Specializations/Sub-Plans

If you do not specify a program specialization/sub-plan it will be assumed you are submitting this program for all program specializations/sub-plans.

Pre-Major

Does this Program have a Pre-Major? No

Comments

- The letter from the program-offering unit includes the transition policy and rationale statement.
I made one course proposal for a course that I forgot to put on the cutsheet: Italian for speakers of other Romance languages.
UG students are allowed to take graduate level courses with permission of the instructor since, because of budget limitations, we can't offer 600-level courses just for UGs every semester.
Italian 5101 is an accelerated language course that includes all material in 1101-1103. It is set at the 5000-level (as it was in the quarter system) to accommodate graduate students. *(by Aski, Janice Marie on 03/29/2011 02:27 PM)*

Lawrence Krissek, Professor of Earth Sciences
Faculty Chair, Committee on Curriculum and Instruction
College of Arts and Sciences

Dear Larry,

The Department of French and Italian has completed its proposal for semester versions of its Italian undergraduate programs:

BA in Italian
Minor in Italian

The Arts and Humanities Disciplinary Advisory Panel for Curriculum within the College of Arts and Sciences reviewed and unanimously approved the undergraduate programs from French and Italian during its February 4, 2011 meeting. The BA in Italian has an assessment plan on file with OAA, verified October 15, 2010.

Most specifically, I have highlighted the important changes for each program below:

Bachelor of Arts in Italian: The BA in Italian was last revised and approved by CAA on January 17, 2007. The undergraduate BA is changing with minimal changes. The quarter-based degree is a minimum of 50 credit hours with 20 credit hours in pre-requisites, and its semester-based version is 30 credit hours with 12 credit hours of pre-requisites. The department has added four optional new courses, one a GE, and three study abroad Maymester options. The department has provided a detailed transition plan for students beginning the pre-requisite course-work in Italian at the 1101/101-stage, and continuing their studies into the major course-work.

Minor in Italian: The Minor in Italian was last updated and approved by CAA on January 17, 2007. The quarter-based program is 20 credit hours with 20 credit hours of pre-requisites. The semester-based program is 12 credit hours beyond 1103, with 12 credit hours of pre-requisites (1101-1103). The minor is a course-to-course translation: 4 courses required in the minor course work in quarters, and still 4 courses required in the minor on semesters. Note: 2102 is taught in the language, and another course at the 3000-level and above is required. Therefore, the minor fulfills the ASC rule of 6 credit hours at the 3000-level or above or courses at the 2000-level taught in the language.

We are sending these undergraduate programs forward for review and approval in the next stage of curricular review at the Arts and Sciences Committee on Curriculum and Instruction.

The courses that are specific to all of the programs are listed under the Book 3 Listing of Italian. The courses have been advanced in PACER. All programs from French and Italian have the approval of Arts and Humanities. If you have any questions or concerns, please do not hesitate to call or email me at 292-5727 or williams.1415@osu.edu.

Thank you for your consideration of these proposals,

Re: Chair's letter for semester conversion for Italian

Undergraduate program

Since we recently revised our undergraduate program (2006) we had little to change. Janice Aski, director of the undergraduate language program, developed a list of ideas for possible modifications to the program for the Italian faculty to consider. Prof. Aski met with all the faculty members and a consensus was reached on the issues presented. The following changes were made based on the discussions:

- Italian 425 (now 3323) became repeatable up to 6 credits;
- a new course, 3224 *Post-Unification Italy*, was added since this is an area of expertise of a relatively new faculty member;
- a new GEC course, 2055 *Mafia Movies*, has been added;
- the title of Italian 423 *The Italian Language Yesterday and Today* was changed to Italian 3330 *The Italian Language through Time*. Since 423 covered a lot of material (the Roman expansion to the use of Italian to today), the course was divided into two: 3330 and 3331 *The Languages of Italy*;
- a new writing course, 3103 *Styles and Stylistics*, was added. Students are able to take courses that focus on reading or on speaking, but the previous curriculum did not have a course that focused exclusively on developing writing skills.
- a new film course cross-listed with French (FRIT 4053: French and Italian Cinema to 1952) was created.
- three Maymester study abroad programs were added to increase the study abroad options of our students, two taught in Italian: 3798.01 *The Italian City*, 3798.02 *Experience Italy*, and 3797 *Italy abroad*, which is taught in English;
- Independent and Group Studies courses are now taken for grades; they are no longer S/U.

Prof. Aski proposed a new major: Romance Studies. The proposal was drafted in 2009 and circulated to all the departments involved, including the chairs of French and Italian, Spanish and Portuguese, Slavic and Classics. Based on the comments received, the proposal was revised and resubmitted. After further discussion, additional changes were made and the proposal was distributed to the chairs again in Fall, 2010. The proposal is still under discussion and we hope to have a final draft to submit shortly.

Graduate program

The Italian faculty met five times during the 2009-2010 academic year to discuss revision of the graduate courses. This was done at the same time that we created our proposal for a PhD program in Italian. We submitted the proposal in Fall 2010. The goals of the revision process were to increase the variety of courses offered and create a series of courses that can be taken by both French and Italian students in order to consolidate faculty resources. The Italian faculty of the Department of French and Italian has submitted a proposal to establish a program to be designated Ph.D. in Italian Studies. The department currently offers a successful M.A. degree program in Italian, and both an M.A. and a Ph.D. program in French. The need for enhanced language and cultural studies teaching capacity and expertise focusing on Italy is felt nationally. It is an anomaly within the American university system that an Italian section of our depth and breadth of expertise does not already run its own Ph.D. program or directly recruit Ph.D. students for the University. The present Italian faculty provides excellent theoretical depth and disciplinary breadth, offering support for and

in turn benefiting from the work of faculty elsewhere on campus who share the Department's theoretical and/or regional commitments. Four major factors support our potential to become one of the most dynamic programs nationally: our proven track record as a provider of excellent teaching in Italian language and culture; the recent hiring of new faculty in our core subject areas; the excellent existing (and growing) library collections in Italian; the unparalleled faculty resources that Ohio State can offer Italian Studies, from our associations with the Center for Medieval and Renaissance Studies, to the Center for the Study of the Religion, to the program in Film Studies, not to mention our ties with other departments in the university. The proposal has been approved by the College of Arts and Sciences.

Italian Program Transition policy

In the quarter system, four quarters were required to satisfy the language requirement (It. 101, 102, 103, 104). In the semester system, three semester courses satisfy the same requirement (It. 1101, 1102, 1103). During the first three semesters after conversion, we will offer blended or modified courses that will satisfy the needs of students who have started the language sequence in the quarter system. During the summer and fall of 2012, we will offer a modified Italian 1102 for students who have taken 101 and 1103 for students who have taken 102 or 103 in the quarter system. In the Spring of 2013, we will offer a modified 1103 course to accommodate the students who have taken the modified 1102 course or 102 or 103 in the quarter system. Our regular semester series of courses will begin in Fall of 2012 and will be cycled in through Spring of 2013 and Fall of 2013.

Summer 2012	Fall 2012	Spring 2013
1102 modified	1101	1101
1103 modified	1102 modified	1102
1103 modified	1103 modified	

Transition for majors and minors

Students under the current quarter system need 50 hours for the major and 20 hours for the minor, all beyond the required 200-level course. Under the semester system, students will be required to take 30 hours for the major and 12 hours for the minor.

Fortunately, we do not have any sequential courses at the major and minor levels and will thus not need to provide bridge or transitional courses. We are assuming that the Registrar's Office will provide a semester-hour version of the students' transcripts, thus making it easy for us to determine where the student is in terms of his or her progress toward completing the major or minor. All courses that the student has taken for the quarter-hour major or minor will be converted and will count toward the semester-hour major or minor.

Over the 2011-2012 academic year, faculty members will meet with their advisees to assess where the student is in his or her progress toward completing the major and minor. Faculty members will help the student plan those courses that he or she needs in the semester system to complete the major or minor. We will exercise flexibility in those courses that count toward the major, making exceptions where needed and waiving requirements if necessary, though this is not anticipated.

Transition for MA students

We do not expect complications at the MA level. The current MA requires 12 courses (2 courses/quarter in two years) and the MA in the semester system will require 12 courses (3 courses/semester). So students who begin the MA in the quarter system will finish in the semester system and have the same number of courses.
