## Program Learning Goals

Note: these are required for all undergraduate degree programs and majors now, and will be required for all graduate and professional degree programs in 2012. Nonetheless, all programs are encouraged to complete these now.

### Program Learning Goals

## Assessment

Assessment plan includes student learning goals, how those goals are evaluated, and how the information collected is used to improve student learning. An assessment plan is required for undergraduate majors and degrees. Graduate and professional degree programs are encouraged to complete this now, but will not be required to do so until 2012.

**Is this a degree program (undergraduate, graduate, or professional) or major proposal?** No

## Program Specializations/Sub-Plans

If you do not specify a program specialization/sub-plan it will be assumed you are submitting this program for all program specializations/sub-plans.

### ***LETTER FROM THE PROGRAM/RATIONALE STATEMENT***

The department's Undergraduate Studies Committee met throughout the latter half of Winter and all of Spring 2010 and determined that, despite significant changes planned for the undergraduate major, the undergraduate minor should be converted to semesters without changes. The proposed semester conversion for the undergraduate minor is a literal translation of the quarter-based program, with the same core requirements (AAAS 2201 and AAAS 3310), a similar distribution requirement (all non-core courses must be at the 3000-level and above), and the same total number of courses to be taken to complete the AAAS minor. The approval of the conversion proposal for the minor was discussed within the Undergraduate Studies Committee and presented to the full department faculty. Ultimately, the faculty rendered two unanimous votes to approve the conversion of the undergraduate AAAS minor.

April 20, 2011

Dear AAAS Major, Minor and other Undergraduate Subscribers to AAAS courses:

In planning and implementing the conversion from quarters to semesters for summer 2012, The Ohio State University and its Department of African American and African Studies (AAAS) are committed to protecting the academic progress of students. You should find that the shift from quarters to semesters does not disrupt progress toward your degree if you

1. Decide on a AAAS major and degree within a time compatible with four-year graduation;
2. Meet the standards for progress defined by AAAS and continue to complete appropriate course work successfully; and
3. Proactively develop and follow academic plans in consultation with your major (AAAS) academic advisor.

Students completing a quarter-plus-semester degree program will receive approximately the same amount of instruction, and the changes to the calendar and to courses will not affect the quality of the AAAS Undergraduate Major Program.

To ensure that the conversion will not harm your progress, AAAS will continue to provide intentional, purposeful advising. The total number of AAAS majors is 28 and the total number of minors is 20. The student to teacher ratio is 2 to 1. Academic advisors will understand how the changes in courses and curricula may affect students' programs, will know where and how programs can be flexible, and will be prepared to assist you in planning your remaining semesters to graduation. Good planning around your academic program will be particularly important, and the university will provide that support to students who begin their academic career under quarters and complete it in semesters.

Students' records will vary considerably, and each student's plan will need to be determined individually. Every student will be responsible for getting and using the advice essential to assure progress toward his or her degree. Advising is a joint endeavor, and we are confident that students and their advisors, working together, can develop effective plans leading to timely graduation within the context of converting to semesters.

Sincerely,

H. Ike-Okafor Newsum (H.E. Newsum)  
Chair
