

Fiscal Unit/Academic Org	School of Allied Medical Prof - D2504
Administering College/Academic Group	The College of Medicine
Co-administering College/Academic Group	
Semester Conversion Designation	Converted with minimal changes to program goals and/or curricular requirements (e.g., sub-plan/specialization name changes, changes in electives and/or prerequisites, minimal changes in overall structure of program, minimal or no changes in program goals or content)
Current Program/Plan Name	Integrated Determinants of Health Minor
Proposed Program/Plan Name	Integrative Approaches to Health and Wellness
Program/Plan Code Abbreviation	IDTHLTH-MN
Current Degree Title	

Credit Hour Explanation

Program credit hour requirements		A) Number of credit hours in current program (Quarter credit hours)	B) Calculated result for 2/3rds of current (Semester credit hours)	C) Number of credit hours required for proposed program (Semester credit hours)	D) Change in credit hours
Total minimum credit hours required for completion of program		21	14.0	15	1.0
Required credit hours offered by the unit	Minimum	10	6.7	6	0.7
	Maximum	13	8.7	9	0.3
Required credit hours offered outside of the unit	Minimum	11	7.3	6	1.3
	Maximum	15	10.0	9	1.0
Required prerequisite credit hours not included above	Minimum	0	0.0	0	0.0
	Maximum	0	0.0	0	0.0

Program Learning Goals

Note: these are required for all undergraduate degree programs and majors now, and will be required for all graduate and professional degree programs in 2012. Nonetheless, all programs are encouraged to complete these now.

Program Learning Goals

Assessment

Assessment plan includes student learning goals, how those goals are evaluated, and how the information collected is used to improve student learning. An assessment plan is required for undergraduate majors and degrees. Graduate and professional degree programs are encouraged to complete this now, but will not be required to do so until 2012.

Is this a degree program (undergraduate, graduate, or professional) or major proposal? No

Program Specializations/Sub-Plans

If you do not specify a program specialization/sub-plan it will be assumed you are submitting this program for all program specializations/sub-plans.

Pre-Major

Does this Program have a Pre-Major? No

From: James Fredal, Chair, CCI Social, Behavioral, Biological, Mathematical and Physical
Sciences Subcommittee
Re: Integrative Approaches to Health and Wellness Minor Semester Conversion Proposal

June 9, 2011

Larry:

The Sciences Subcommittee of the CCI met to review the Semester Conversion proposal for the Integrative Approaches to Health and Wellness minor and approved the proposal unanimously. The minor has been minimally changed from its semester version, which includes two required courses and an additional three courses selected from two of five "domains" (under semesters they took coursework in three of the five domains). The minor course list has also been updated, but in other ways the transition is straightforward. There were at the subcommittee level a number of questions and comments that have since been addressed. A few issues remain, however, that will need to be looked at before the minor moves forward.

- The name of the program seems to have been inadvertently changed when the program entered SIS (as Integrated Determinants of Health) but the name of the minor was and remains Integrative Approaches to Health and Wellness, so that it appears to be a name change on PACER but in fact is not. However, the letters refer to the minor as Integrated Determinants of Health, which suggests that the name of the minor was changed at some point. If the name was and remains Integrative Approaches to Health and Wellness and the letters are in error, then they should be changed. If the minor was at some point called Integrated Determinants of Health, then that change should be explained.
- The semester advising sheet should include the ASC rule that at least 6 credit hours need to be at the 3000 level or above.
- There are two transition statements. One is general for the program but says nothing about the minor, the other is brief and might want to indicate whether students starting under quarters will have to fulfill the old (three domain) or new (two domain) requirement.

Once these issues are addressed the proposal will be ready to move forward. If you have any questions about the proposal or our comments, please don't hesitate to contact me.

Thanks

Jim Fredal

December 10, 2010

W. Randy Smith, PhD
Vice Provost, Curriculum & Institutional Relations
Office of Academic Affairs
203 Bricker Hall
190 North Oval Mall
CAMPUS

Dear Dr. Smith:

The College of Medicine submits for approval the following programs for semester conversion:

Baccalaureate Programs (School of Allied Medical Professions):

- 1) Athletic Training
- 2) Biomedical Sciences
- 3) Health Information and Management Systems
- 4) Health Sciences
- 5) Medical Dietetics
- 6) Medical Technology
- 7) Radiologic Sciences and Therapy with subprograms in Radiation Therapy, Radiography and Sonography
- 8) Respiratory Therapy

Minors:

- 1) Integrated Determinants of Health (School of Allied Medical Professions)
- 2) Anatomy (School of Biomedical Sciences, Dept. of Biomedical Informatics)

Masters Degree Programs:

- 1) Masters of Occupational Therapy (School of Allied Medical Professions)
- 2) MS in Health and Rehabilitation Sciences (School of Allied Medical Professions)
- 3) MS in Anatomy (School of Biomedical Sciences, Department of Biomedical Informatics)
- 4) MS in Medical Sciences (College of Medicine)
- 5) MS in Pathology (School of Biomedical Sciences, Dept of Pathology)
- 6) MS in Pharmacology (School of Biomedical Sciences, Dept. of Pharmacology)

Doctoral Degree Programs:

- 1) Doctor of Physical Therapy [DPT] (School of Allied Medical Professions)
- 2) Doctor of Medicine [MD] (College of Medicine)
- 3) PhD in Health and Rehabilitation Sciences (School of Allied Medical Professions)
- 4) PhD in Integrated Biomedical Sciences [IBGP] (School of Biomedical Sciences)
- 5) PhD in Anatomy (School of Biomedical Sciences, Dept. of Biomedical Informatics)

Each program proposal has been carefully developed with considerable curricular review and appropriate unit approval; letters delineating the process and approval accompany each template. At the College level, all proposals have been reviewed and approved through the College's Curriculum Review process. Accordingly, each program has developed a transition plan that will allow students that maintain good academic standing to complete their respective program without delay due to the semester conversion. These transition plans are included with each program template. The course templates for all courses have also been submitted for approval. Please contact me or Deborah S. Larsen, our semester conversion coordinator, with any questions; specific questions regarding individual templates may be directed through Dr. Larsen to the appropriate contact person. Contact information is as follows:

Catherine R. Lucey, MD
Phone: 292-2600
e-mail: Catherine.lucey@osumc.edu

Deborah S. Larsen, PhD
Phone: 292-5645
e-mail: Deborah.larsen@osumc.edu

Thank you for the review of these materials.

Sincerely,

Catherine R. Lucey, MD
Interim Dean and Vice Dean of Education
College of Medicine

January 25, 2011

Catherine R. Lucey, MD
Interim Dean and Vice Dean for Education
College of Medicine
260 Meiling Hall
CAMPUS

Dear Dr. Lucey:

On behalf of the School of Allied Medical Professions, I am pleased to submit the semester conversion plans for the following programs:

Certificates:

- 1) Health Information Management and Systems
- 2) Medical Technology – proposed name change to Medical Laboratory Sciences
- 3) Respiratory Therapy

Baccalaureate (BS in Allied Health)

- 1) Athletic Training – degree change to BS in Athletic Training
- 2) Biomedical Sciences
- 3) Health Information Management and Systems
- 4) Health Sciences
- 5) Medical Dietetics
- 6) Medical Technology – proposed name change to Medical Laboratory Sciences
- 7) Radiation Therapy
- 8) Radiography
- 9) Respiratory Therapy

Graduate

- 1) Masters of Occupational Therapy (MOT)
- 2) Masters of Science in Health and Rehabilitation Sciences (MS)
- 3) Doctor of Physical Therapy (DPT)
- 4) Doctor of Philosophy in Health and Rehabilitation Sciences (PhD)

Minor:

- 1) Integrated Determinants of Health

The conversion of each of these programs was initiated through two School-wide retreats, comprehensive curriculum mapping, conducted by our Executive Committee, and multiple working groups within and between programs. Each curriculum was reviewed and revised consistent with current healthcare practice and, for many, their accreditation criteria. For the undergraduate programs, working groups revised and amended our elective core courses; it was recommended that each program enroll students in the core courses rather than teach individual unit courses, which was done by all programs, consistent with content needs. Our entry-level graduate programs (Occupational Therapy and Physical Therapy), also developed a core evidence-based practice sequence to encourage collaborative problem-solving among students in those two programs. One course, AM 5000 “Strategies for Interprofessional Case Management”, is a new elective course that will provide interdisciplinary case management exposure to students from all of the programs in the School; due to the high number of credits within each curriculum, this course is recommended but not required. Each curriculum was approved by the faculty within the respective program and by the School’s curriculum committee on the following dates:

- 1) Respiratory Therapy – approved 7/14/2010
- 2) Medical Technology – approved 8/5/2010
- 3) Medical Dietetics – approved 8/11/2010
- 4) Radiologic Sciences & Therapy – approved 8/11/2010
- 5) Occupational Therapy – approved 8/11/2010
- 6) Biomedical Sciences – approved 8/18/2010
- 7) Physical Therapy – approved 8/19/2010
- 8) Athletic Training – approved 9/15/2010
- 9) MS in Allied Medicine – approved 9/15/2010
- 10) PhD in Health and Rehabilitation Sciences – approved 9/15/2010
- 11) Health Information Management and Systems – approved 9/22/2010

In reviewing the clinical experiences of students in each program, it was noted that there was no standard credit hour allocation for the full or part-time clinical experiences. Our Executive Committee voted unanimously to impose a consistent credit hour allocation, based on the following formula: Full-time (40hr/week, 14 weeks) = 12 credits for undergraduate and 8 for graduate programs; 20 hr/week = 6 credits for undergraduate, 4 for graduate; 10 hr/wk = 3 credits for undergraduate and 2 for graduate; and so on. Some programs have implemented 7 week clinical experiences that follow the same proportional allocation (i.e. 7 week, full time = 6 credits). This change often distorted the 2/3 conversion formula, since historically clinical experiences were under- credited; however, all programs were converted with minimal changes and have indicated such within their program templates.

In concert with the semester conversion, there are two program specific requests:

- 1) The Athletic Training program is requesting to change the degree awarded from Allied Health to Athletic Training to meet accreditation requirements;
- 2) The Medical Technology program is requesting to change the name of their program to Medical Laboratory Science, which is consistent with their licensure and accreditation recommendations.

These changes have been approved by the School's Executive Committee by unanimous vote on 12-7-10 and the Faculty Council on 1-21-11.

If you should have any questions or concerns, please feel free to contact me directly.

Sincerely,

A handwritten signature in black ink, appearing to read "Deborah S. Larsen". The signature is written in a cursive style with a large initial 'D'.

Deborah S. Larsen, PhD

**Semester Conversion
Transition Plan
School of Allied Medical Professions**

The School administration, advising staff, and each program have made considerable efforts to assure the timely progression of students enrolled during the semester transition so that students who maintain good academic standing and follow the outlined curricula will be held harmless.

Advising:

Our undergraduate programs admit students either for their sophomore year (Athletic Training, Health Sciences, Medical Dietetics, and Respiratory Therapy) or junior year (Health Information Management, Health Sciences, Medical Technology, Radiologic Sciences, Respiratory Therapy). Our pre-major advisors are providing information to our freshman and sophomores and providing curriculum plan drafts for respective programs. Proposed curriculum plans for each group of students are posted on the School's web site. For those sophomores that have been admitted to their respective programs, Division/Program Directors will meet with each cohort to explain proposed changes. All programs except Health Sciences are lock step, so individual advising should not be necessary once students are admitted to a program. Health Sciences students have a dedicated advisor that serves both pre-majors and matriculated students. We will hold group and individual advising sessions, as needed, for students in that program.

Our Doctor of Physical Therapy (DPT) is 3 1/4 years in duration, so students admitted for Summer 2010 will complete the program under semesters; further, students admitted in 2009 will need to complete their program 1 quarter early due to the implementation of semesters for summer quarter (typically the last quarter for that program). Orientation for the first year students and a class meeting for the 2nd year students have been held to outline the semester curriculum and impact on both groups of students. Our Director of Admissions is advising all potential applicants, both current OSU students and transfer students to both the DPT and MOT.

Graduate students within our MS and PhD programs will be provided individual advising to assure appropriate academic progress. Additionally, informational meetings have been held for advisors to outline changes in the curriculum, occurring with the transition. Some flexibility within both programs will be implemented with regard to program requirements for students in process during the transition. Students admitted for Autumns 2010 and 2011 will begin taking the quarter equivalent of the semester curriculum, for which courses have been submitted for approval.

All programs will continue to hold cohort meetings and provide appropriate advising to assure a smooth transition and timely program completion for all students that maintain appropriate progress within their respective programs.

Program Progression Issues:

1. Academic: Currently students must earn a C- (undergraduate) or C (graduate) to pass a class. For students that earn a grade lower than this, they must stop the program and rejoin the curriculum the next time the course is offered (typically the following year).

They are only required to repeat the course with the designated C- or C and then can continue on in the curriculum.

2. Leaves of Absence: currently students may request a LOA at anytime during the academic year and then rejoin the program at the same point in the curriculum one year later to complete the program (i.e. stop after Winter quarter, rejoin the following Spring quarter).
 - For students that fail to achieve the designated target grade in a given class, it won't be possible for them to just take that class when they resume the program because they would be missing at least $\frac{1}{4}$ of the content in the other semester courses. For LOA's, it will also be difficult to resume the curriculum at the "same" time point that they dropped out. Each case will, therefore, be handled individually. These situations may result in a longer time to graduation or the need to complete additional credit hours/courses. Every effort will be made by each program to avoid unnecessary requirements for students in these situations. Students requesting a LOA will also be counseled on the possible consequences of that decision. Fortunately, these issues occur rarely in the SAMP programs, so few students are expected to be impacted by either issue.
3. Program Specific Issues: Programs have highlighted specific transition issues within their program templates, including the use of bridge courses, double teaching of content, and progression differences from that stated in this document.

Integrative Approaches to Health and Wellness Minor Proposal

1. Program will remain – Integrative Approaches to Health and Wellness Minor

2. Current degree title: Integrative Approaches to Health and Wellness Minor

Proposed degree title: Integrative Approaches to Health and Wellness Minor

3. Academic Unit Responsible for Administering the Program: School of Allied Medical Professions, College of Medicine

4. Program Type: Minor

5. Semester Conversion Designation: Converted with minimal changes to program goals and/or curricular requirements

6. Courses that constitute the requirements of the program

Department	Title	Current Course Number	Proposed Course Number	Semester Credit Hours
Allied Med	The Evolving Art and Science of Medicine	307	2530	3
Allied Med	The Role Of Integrative Medicine in Society	607	4570	3

All students must minimally select three additional courses from at least 2 of the 5 research domains outlined by the National Institute of Health:

Domain:	
1. Alternative Health Systems	Courses/Current Number/Title
	ANTHROP 5600 Global Perspectives on Women’s Health UG 3 ANTHROP 3302 Intro to Medical Anthropology U 3 COMPSTD 2370 Introduction to Comparative Religion U 3 COMPSTD 3645 Medicine and the Humanities U3 COMPSTD 4877 Myth and Ritual U 3 DANCE 5175 Yoga Theory & Practice UG3 PHILOS 2120 Asian Philosophies U3 PHILOS 3650 Philosophy of Science U3 SOCIOLOG 2290 Sociology of Death and Dying U3
2. Mind Body Interventions	ANTHROP 5600 Biosocial Aspects of Health UG3 ED P & L 2241 Body-Mind Goes to School U3 ED P & L 4245 Holistic Perspectives U3

	NURSING 2460 Therapeutic Communication U 1 PSYCH 2301 Extraordinary Beliefs U3 PSYCH 2310 Basic Psychology: Perception U3 PSYCH 2313 Intro to Psychobiology U3 PSYCH 3531 Health Psychology U3 PSYCH 5650 Psychobiology of Stress UG3 SOCIOL 5450 Illness and Social Behavior UG3 DANCE 5175 Yoga Theory & Practice UG3 DANCE 5177 Alexander Technique UG3
3. Biologically Based Therapies	ALLIED MED 4530 Nutrition for Fitness U3 EEOB 4240 Plants and People U3 PSYCH 2305 Drugs and Behavior U3
4. Movement and Body-Based Methods	ANATOMY 3300 Human Anatomy U3 DANCE 5175 Yoga Theory & Practice UG3 DANCE 2174 Pilates U3 DANCE 5177 Alexander Technique UG3 DANCE 5191 Dalcroze Eurhythmics UG3
5. Energy Therapies	NURSING 2460 Intro to Therapeutic Communic. for Health Prof U1 NURSING 2367 Healthcare Issues in the United States U3 ED P&L 4245 Holistic Perspectives U3 PSYCH 2462 Psychology of Creativity U3 PSYCH 2303 Positive Psychology U3 COMM 2620 - Introduction to Interpersonal Communication U3 DANCE 5175 Yoga Theory & Practice UG3 DANCE 5177 Alexander Technique UG3

8. Advising Sheets: Quarters (Attachment I); Semesters (Attachment II)

10. Rationale for Proposed Program Changes

All courses in the minor are 3 credits (except for one 1 credit hour course), and therefore, converted from 21 quarter hours to 15 semester hours rather than 14 semester hours. Also, the name was inappropriately changed with conversion from Marx to SIS, and we are requesting that the original name, "Integrative Approaches to Health and Wellness" be reinstated. The only additional change to this Minor is that the student take courses from 2 rather than 3 of the designated research domains. This will allow for students to take the same amount of courses as before but allow for a greater depth of study and/or research in a particular domain of interest. Overall, the transition to semesters has very little content change due to the recent review updating all the courses in the Minor to be at the 200-300 level.

TRANSITION POLICY

13. Transition Policy:

All students entering the School of Allied Medicine will be guided throughout their programs to assure graduation occurs without penalty due to the semester change. Those who begin the program under quarters, but finish the program under the semester system will still take the 2 required courses and three electives.

Proposed to Arts and Sciences

Integrative Approaches to Health and Wellness Minor (INT HLTH-MN)

School of Allied Medical Professions

Atwell Hall, 453 W. 10th Ave. Columbus, Ohio 43210

(614) 292-0065 <http://amp.osu.edu>

Faculty contact: Maryanna Klatt, PhD, Maryanna.klatt@osumc.edu

The Integrative Approaches to Health and Wellness Minor is designed to study the nature, meaning, and possibilities of integrating Complementary and Alternative Medicine (CAM), into traditional western approaches to health care. An undergraduate who obtains the minor in Integrative Approaches to Health and Wellness will have an increased ability to navigate in the health care, wellness, or corporate arenas which are increasingly considering preventative, proactive approaches to health. These undergraduates will have delved into various paradigms of healing, as well as the western biomedical model, gaining a breadth of exposure to various approaches to health.

The Integrative Health and Wellness Minor requires 15 credit hours of course work, with a minimum of 6 hours at the 3000 level or above:

Required Core (6 credit hours)

ALLIED MED 2530: The Evolving Art and Science of Medicine U3

(a GE under Culture and Ideas) and

ALLIED MED 4570: The Role of Integrative Medicine in Society U3

Elective Courses: Select a minimum of 3 additional courses from at least 2 of the various 5 research domains outlined by the National Institute of Health.

The five research domains outlined by the NIH for CAM are as follows:

Alternative Health Systems

ANTHROP 5600 Global Perspectives on Women's Health UG3

ANTHROP 3302 Intro to Medical Anthropology U3

COMPSTD 2370 Introduction to Comparative Religion U3

COMPSTD 3645 Medicine and the Humanities U3

COM STD 4877 Myth and Ritual U3

DANCE 5175 Yoga Theory & Practice UG3

PHILOS 2120 Asian Philosophies U3

PHILOS 3650 Philosophy of Science U3

SOCIOL 2290 Sociology of Death and Dying U3

Mind Body Interventions

ANTHROP 5600 Biosocial Aspects of Health UG3

ED P & L 2241 Body-Mind Goes to School U3

ED P & L 4245 Holistic Perspectives U3

NURSING 2460 Therapeutic Communication U1

PSYCH 2301 Extraordinary Beliefs U3

PSYCH 2310 Basic Psychology: Perception U3

PSYCH 2313 Intro to Psychobiology U3

PSYCH 3531 Health Psychology U3

PSYCH 5650 Psychobiology of Stress UG3

SOCIOL 5450 Illness and Social Behavior UG3

DANCE 5175 Yoga Theory & Practice UG3

DANCE 5177 Alexander Technique UG3

Biologically Based Therapies

ALLIED MED 4530 Nutrition for Fitness U3

EEOB 4240 Plants and People U3

PSYCH 2305 Drugs and Behavior U3

Movement and Body-Based Methods

ANATOMY 3300 Human Anatomy U3

DANCE 2174 Pilates U3

DANCE 5177 Alexander Technique UG3

DANCE 5191 Dalcroze Eurhythmics U3

Energy Therapies

NURSING 2460 Intro to Therapeutic Communic. for Health Prof U1

NURSING 2367 Healthcare Issues in the United States U3

ED P&L 4245 Holistic Perspectives U3

PSYCH 2462 Psychology of Creativity U3

PSYCH 2303 Positive Psychology U3

COMM 2620 - Introduction to Interpersonal Communication U3

DANCE 5175 Yoga Theory & Practice UG3

DANCE 5177 Alexander Technique UG 3

Arts and Sciences minor program guidelines:

Required for graduation No

Credit hours required: 15

3000-level credit hours: Minor must include at least 6 hours at the 3000-level and above

Transfer credit hours allowed A maximum of 6

Overlap with the GE Permitted,

Overlap with the major Not allowed and

- The minor must be in a different subject than the major.
- The same courses cannot count on the minor and on the major

Overlap between minors Each minor completed must contain 12 unique hours.

Grades required

- Minimum C- for a course to be listed on the minor.
- Minimum 2.00 cumulative point-hour ratio required for the minor.
- Course work graded Pass/Non-Pass cannot count on the minor.

Approval required The minor program description sheet indicates if the minor course work must be approved by:

- The academic unit offering the minor, or
- A college/school counselor. (for this minor it is with the student's home college)

Filing the minor program form The minor program form must be filed at least by the time the graduation application is submitted to a college/school counselor.

Changing the minor Once the minor program is filed in the college office, any changes must be approved by:

- The academic unit offering the minor, or
- A college/school counselor (depending on the minor).

Arts and Sciences minor program guidelines:

Required for graduation No

Credit hours required 21-25

Transfer credit hours allowed A maximum of 10

Overlap with the GEC Permitted,

Overlap with the major Not allowed and

- The minor must be in a different subject than the major.
- The same courses cannot count on the minor and on the major (with the exception of Allied Med 607).

Overlap between minors Each minor completed must contain 20 unique hours.

Grades required

- Minimum C- for a course to be listed on the minor.
- Minimum 2.00 cumulative point-hour ratio required for the minor.
- Course work graded Pass/Non-Pass cannot count on the minor.

Approval required The minor program description sheet indicates if the minor course work must be approved by:

- The academic unit offering the minor, or
- A college/school counselor.

Filing the minor program form The minor program form must be filed at least by the time the graduation application is submitted to a college/school counselor.

Changing the minor Once the minor program is filed in the college office, any changes must be approved by:

- The academic unit offering the minor, or
- A college/school counselor (depending on the minor).
