Hi Marge,

On Thursday, February 9, the ASCC Arts and Humanities Panel reviewed Comparative Studies 4597.01, .02, .03. All three courses were approved with contingencies. The Panel would like the Dept to make the following small changes to all three courses:

Comparative Studies 4597.01 & 4597.02 straight conversions: add Global Studies (to existing Cross-Disciplinary Seminar)

- All references to 'quarter' should be 'semester' at the end of the assessment plan.
- Syllabus: GE boilerplate language should be followed by a brief paragraph that explains how the course will satisfy the stated learning goals and objectives of the GE categories. The GE categories are listed with boilerplate, but the above statement doesn't appear to be in the syllabus proper.

Comparative Studies 4597.03 re-envisioned: Cross-Disciplinary Seminar and Global Studies

- All references to 'quarter' should be 'semester' at the end of the assessment plan.
- Syllabus: GE boilerplate language should be followed by a brief paragraph that explains how the course will satisfy the stated learning goals and objectives of the GE categories. The GE categories are listed with boilerplate, but the above statement doesn't appear to be in the syllabus proper. Right now the information appears in the 2<sup>nd</sup> paragraph of the GE rationale (this information could be adjusted and pasted in the syllabus).

I will send back the courses via curriculum.osu.edu in a moment. Should you or your faculty have any question about the contingencies, feel free to contact Professor Angela Brintlinger (Panel Chair-for-the-day)—cc'd on this e-mail.

My best,  
Bernadette
