Subject: RE: Environmental Engineering and Nuclear Engineering minors
Date: Monday, March 12, 2012 2:03:38 PM

Dear Ed:

On Friday, March 9, the ASCC reviewed and unanimously approved the Environmental Engineering and Nuclear Engineering minors (semester conversions).

Our office associate, Debbie Hanlin, will soon be in contact with information about ASC-approved minor sheets for semesters.

Best wishes,
Bernadette

Subject: Environmental Engineering and Nuclear Engineering minors

Dear Ed:

On Monday, February 20, the ASCC Natural and Mathematical Sciences Panel reviewed the Environmental Engineering and Nuclear Engineering minors (semester conversions). The Panel unanimously approved the conversion plans for the minors but requested that the following suggestion regarding the Nuclear Engineering minor be communicated to the unit:

- Semester Advising Sheet: "Option: select 2": replace this with "select a minimum of 6 hours from the following courses".

Should you have any questions about this feedback, don't hesitate to contact me or Professor Ralph von Frese, Chair of ASCC NMS Panel (cc'd on this e-mail).

Both minors will next be reviewed by the full Arts and Sciences Curriculum Committee.

Best wishes,

Bernadette Vankeerbergen
