Dear Richard:

On Monday, February 20, the ASCC NMS Panel reviewed Physics 5740. The Panel unanimously approved the course but requested that the following suggestion be communicated to the Dept:

- Prerequisites: Specification of biology, physics, and math prereq would be useful for undergraduates.
- When course is taught as Physics course, need to provide an ASC syllabus to students. See pp. 10-11 of [ASC curriculum handbook](#).

Should you have any questions about this feedback, don't hesitate to contact me or Professor Ralph von Frese, Chair of ASCC NMS Panel (cc'd on this e-mail).

Best wishes,
Bernadette
