Dear Hajime,

On Friday, April 20, the ASCC SBS Panel reviewed Economics 8893.03 and 8894.03.

- Economics 8894.03: The Panel unanimously approved the course.
- Economics 8893.03: The Panel approved the course with 2 contingencies:
 1. Top of syllabus is a template. Prereqs in template and prereqs in bottom part are different. Request to address the discrepancy. In addition, the prereqs outlined on curriculum.osu.edu form will be the only ones appearing in the course catalog. If the micro and macro qualifiers and the econometrics prereqs (mentioned in sample syllabus) need to be implemented, the prereq box on the form will need to contain that information.
 2. There is also a discrepancy regarding course grading between the template and the model syllabus. The student critiques of each work presented (present in template) do not carry any weight in the actual sample syllabus. Request to reconcile this discrepancy as well.

I will return Econ 8893.03 to you via curriculum.osu.edu to enable you to remove the current syllabus and replace it with a revised syllabus.

Please let me or Bruce Weinberg know if you have any questions.

Best wishes,
Bernadette
