Hello Mr. Heysel,

Dr Fox and I have reviewed the syllabus for the proposed eye-tracking methods course and agree that we support it's approval. It looks like a very good addition to the curriculum and one that we may consider as an advanced elective for our majors.

Hello Professors Feth and Nygren,
I hope that the summer heat isn't ruining your week. I'm writing to request your departments' concurrence on the attached course to be taught in Linguistics. The curriculum panel made a

recommendation to get concurrence from Psychology but when I mentioned it to Deborah she said that it would be a good idea to include Speech and Hearing as well. Thank you in advance for your consideration. You may complete the form or just reply to me via email with your recommendation.

Best regards,
Garett
