Dear Andy,

On Tuesday, May 15, the ASCC NMS Panel reviewed the proposal for a Physical Activity Specialist Minor. The Panel unanimously approved the minor with 2 contingencies:

- Edu PAES 2601 has a prereq: Admission to the PETE (Physical Education / Teacher Education) undergraduate major, or permission of instructor. Unit will have to adjust that so that non-majors can easily take the course (without having to ask instructor permission).
- Electives: Edu PAES 1201: page 2 of proposal says that the course contains essential knowledge for students to have. If knowledge is truly essential, could you please ask that the unit make 1201 a prereq. If it's not truly essential to the minor, please remove the course. (See ASC rule that minors should contain courses at 2000-level and above.)

I will return the minor to you via curriculum.osu.edu in a minute to enable the unit to make the necessary changes.

Should you have any questions about this feedback, don't hesitate to contact me or Professor Ralph von Frese, Chair of ASCC NMS Panel (cc'd on this e-mail).

Best wishes,
Bernadette
