Dear Alisa,

On Wednesday, October 10, the ASCC Honors Panel reviewed Psychology 3551H. The Panel approved the course with the strong recommendation that the following changes be made to the syllabus:

- Provide fleshed out expectations of the article summaries and the term paper.
- Quantify course participation by adding participation component to the grading scale.

The next step will be a comment period by the full ASCC.

Should you have any questions about this feedback, don't hesitate to contact me or Merijn van der Heijden, Assistant Dean (cc'd on this email).

Best Wishes,
Danielle
