Hi Melinda,

On Friday, October 26, the Arts and Humanities (A&H) Panel of the Arts and Sciences Curriculum Committee (ASCC) reviewed AAAS 3376 for addition of GE Global Studies.

The Panel unanimously approved the course with the following contingency:

Syllabus should state GE goals for both categories word for word. Request to replace the adapted statement (“As we examine the art and visual cultures of the African continent and the African Diaspora, we will achieve an understanding of the pluralistic nature of institutions, society and culture in the Africa and the African Diaspora. Students will learn to critically evaluate written texts and visual sources, placing them in a broader historical context.”) with stated goals for each category. Those goals should be quoted before the expected learning outcomes of each category. See GE language here: <http://asccas.osu.edu/curriculum/ge-goals-and-learning-outcomes>

The Panel also had 2 recommendations:

- P. 1. Header. History of Art course number is incorrect. Should be 3102.
- P. 2 Reference to GEC should be replaced with GE.

I will send back AAAS 3376 to enable the department to make the changes. The contingency is a change that will need to be made for the course to be fully approved, while the recommendations are exactly that—recommendations. Though obviously the History of Art course number will need to be correct on the syllabus when the course is offered.

Please let me know if you have any questions about this feedback

Best,
Bernadette
