Date: Wednesday, December 12, 2012 12:14:23 PM

Dear Laurel and Charles,

On Monday, December 10th, the ASC Graduate Curriculum Committee reviewed Molecular Genetics 5800/Microbiology 5800. The Committee *unanimously approved* the course with the following recommendation:

- Make the course title identical on the course request form and the syllabus. Currently the course request form is “Organelle Biology” and the syllabus is stated as “Organelle Biogenesis.”

Please let us know which course title is correct so that the appropriate changes can be made before the course moves on to the final stages of approval.

If you have any questions please feel free to contact me or Steve Fink, Associate Executive Dean (cc'd on this email).

Best Wishes,
Danielle
