---

Dear Danielle,

Thank you for this good news! I will share the suggestion with our Director of Undergraduate Studies so that the syllabus can be updated accordingly. The 1102H course is considered to be equivalent to taking the two non-Honors courses 1100 and 1101. Honors students will only be required to complete 1102H to satisfy the pre-major requirements.

Please let me know if you need any additional information.

Thank you,

Sarah

Dear Sarah,

I am glad to report that on Tuesday, February 19, the ASCC Honors Panel *unanimously approved* Communication 1102H with the following suggestion and request:

- The panel suggests stating in the syllabus whether or not it is required or simply optional for students to turn in test questions.

- The panel would also like clarification regarding the combined (1100+1101) class for majors.
  - o If an honors student takes 1102H is that equivalent to taking the 1110 and 1101 prerequisites and admitted to the major or are they required to take an additional prerequisite?

Should you have any questions about this feedback, please don't hesitate to contact me or Professor Meg Daly, Chair of the ASCC Honors Panel (cc'd on this e-mail).

Best Wishes,  
Danielle
