Subject: Neuroscience BS major declaration proposal
Date: Thursday, January 10, 2013 1:28:34 PM

Dear John and Charlie,

Yesterday, the ASCC SBS Panel unanimously approved the Neuroscience BS major declaration proposal via an e-vote. The Panel did have one recommendation that a clear implementation date be added early on in the proposal information.

The proposal will next be reviewed by the full ASCC at its meeting on January 18. The meeting will be held in 385 Bricker from 8:30-10:30A.M. On behalf of the Committee I would like to invite you to attend this meeting to discuss the proposal and answer potential questions. If either one of you (or both) are available to come around 8:45, we'll put your proposal first on the agenda (following a few informational items). Also, if you could send me your revised proposal incorporating the recommendation mentioned above soon, I will be able to add the revision to the meeting documents.

Please let me know if you have any questions.

Best regards,
Bernadette
