**Subject:** Neuroscience Undergraduate Major: Revision  
**Date:** Thursday, April 18, 2013 9:08:17 AM

---

John and Charlie:

The proposal to revise the undergraduate major program in Neuroscience – establishing criteria for admission - was approved by the Council on Academic Affairs at its meeting on April 17, 2013. Thank you for attending the meeting to respond to questions/comments.

No additional level of review/approval is necessary. The change may take effect immediately.

This action will be included In the Council's next Annual Activities Report to the University Senate (June 2013).

This message represents my formal communication with you about this action. Please keep a copy for your file on the proposal and I will do the same for the file in the Office of Academic Affairs.

If you have any questions, please contact me.

Congratulations on the phenomenal success of this new major program.

Randy

W. Randy Smith  
Vice Provost for Academic Programs
