Susan,

I forgot to mention that there was one recommendation at the meeting: the points (for the assignments) should add up to 790, but the syllabus mentions 780 points. The Panel does not need to see a revision for this but wanted you to know so that this can be revised before you teach the course.

Best,
Bernadette

Dear Susan,

This message to let you know that the ASC Natural and Mathematical Sciences Panel looked at the revisions submitted for Entomology 2101 and unanimously approved the course for GE Natural Sciences—Biological Sciences (BA-only). The Panel thought the course will be a valuable addition to the curriculum.

The course will next move to the whole ASC Curriculum Committee for a 2-week comment period.

Should you have any questions about this feedback, please do not hesitate to contact Professor Harald Vaessin, Chair of the ASCC NMS Panel (cc'd on this e-mail), or me.

Best regards,
Bernadette
