Dear Renee:

On Monday, March 25, the ASCC Social and Behavioral Sciences Panel reviewed the proposed Environment, Economy, Development and Sustainability Minor and *approved it with* the following contingencies:

- Address discrepancies in course lists:
 - o ENR/FABE 5222 is on list p. 4 but not on FAES advising sheet or ASC advising sheet
 - o ENVENG/FABE 5310 is on FAES advising sheet and ASC advising sheet but not list on p. 4
- Make adjustments to ASC advising sheet:
 - o Left column: add information on where minor should be filed.
 - o Right column:
 - Title should refer to the guidelines for this particular minor.
 - Paragraph on "credit hours required" should be adapted for this minor.
 - Paragraph on "minor approval" should be adapted for this minor.
 - Paragraph on "changing the minor" should be adapted for this minor.
(To help you with those changes, I am attaching a sample, the ASC advising sheet for the Dairy Minor. The highlighted portions are the equivalent passages of the requested changes on your minor sheet.)

In addition, the Panel noticed that the Program learning goals should be written in language that is student-centered. The goals are cut off on the curriculum.osu.edu form.

I will send back the proposal in a minute to enable the department to make the necessary changes.

Should you or your faculty have any question about this feedback, don't hesitate to contact Tom Schwartz, Chair of the SBS Panel, or me.

Best regards,
Bernadette
