Jill, Steve, Mark, and Neil:

The proposal from the School of Environment and Natural Resources to establish an **Undergraduate Minor Program in Environment, Economy, Development and Sustainability**, was approved by the Council on Academic Affairs at its meeting on September 18, 2013. Thank you for your attendance at the meeting to respond to questions/comments.

No additional level of review/approval is necessary. This action will be included in the Council's next Annual Activities Report to the University Senate (June 2014).

This message represents my formal communication with you about this Council action. Please keep a copy for your file on the proposal and I will do the same for the file in the Office of Academic Affairs.

If you have any questions, please contact me.

Congratulations and I wish you success with this exciting and important new undergraduate minor.

Randy

W. Randy Smith, Ph.D.

Vice Provost for Academic Programs

Office of Academic Affairs
