Good Afternoon,

I am happy to report that Microbiology 5169H was reviewed and unanimously approved by the ASCC Honors Panel with the following recommendations:

- When the course is completed speak with Merijn van der Heijden regarding the format of the course. What worked and what did not work?
 - Merijn van der Heijden
Assistant Dean and Director
Arts and Sciences Honors Program
vanderheijden.1@osu.edu
- Meet with students at the beginning of the term. This would allow students to put a face to the instructor and other students and they may feel more comfortable and more likely to attend review sessions.

This course will now be reviewed by Honors and Scholars.

If you have any questions regarding this feedback please contact Meg Daly, ASCC Honors Panel Chair or Merijn van der Heijden, Assistant Dean (cc'd on this email).

Best Wishes,

Danielle
