The semester version of the Personalized Study Program in Integrated Social Studies (PSP in ISS) major incorporates licensure courses in Geography formerly covered by the Geography minor in the quarter version. Students are no longer required to complete a Geography minor as part of the PSP in ISS.

Program Learning Goals

Note: these are required for all undergraduate degree programs and majors now, and will be required for all graduate and professional degree programs in 2012. Nonetheless, all programs are encouraged to complete these now.

Program Learning Goals • Students will meet State of Ohio licensure requirements for teaching social studies, grades 7 through 12.

Assessment

Assessment plan includes student learning goals, how those goals are evaluated, and how the information collected is used to improve student learning. An assessment plan is required for undergraduate majors and degrees. Graduate and professional degree programs are encouraged to complete this now, but will not be required to do so until 2012.

Is this a degree program (undergraduate, graduate, or professional) or major proposal? Yes

Does the degree program or major have an assessment plan on file with the university Office of Academic Affairs? No

DIRECT MEASURES (means of assessment that measure performance directly, are authentic and minimize mitigating or intervening factors)

Standardized tests

- Certification or licensure examinations

INDIRECT MEASURES (means of assessment that are related to direct measures but are steps removed from those measures)

Surveys and Interviews

- Student survey
- Alumni survey

Additional types of indirect evidence

- Job or post-baccalaureate education placement
- Comparison or benchmarking

USE OF DATA (how the program uses or will use the evaluation data to make evidence-based improvements to the program periodically)

- Other: Please see the attached Assessment Plan.

Program Specializations/Sub-Plans

If you do not specify a program specialization/sub-plan it will be assumed you are submitting this program for all program specializations/sub-plans.

Pre-Major

Does this Program have a Pre-Major? No

April 10, 2013

Dear Mitch:

I am pleased to present the Personalized Study Program (PSP) in Integrated Social Studies (ISS) for semester conversion. Please see the general introduction to the PSP in ISS below, along with the attached rationale, application, advising sheets, transition policy, and assessment plan.

The PSP in ISS was created in cooperation between the College of Education and Human Ecology and the College of Arts and Sciences. The program is designed for undergraduates who wish to take course work that meets State of Ohio licensure requirements for teaching social studies, grades 7 through 12. The PSP in ISS requires a set of prescribed courses and is structured more like an interdisciplinary major than a conventional PSP. The program is the most efficient means of meeting social studies licensure requirements and prerequisites for the Master of Education program; if a student takes the required courses and prerequisites with a major other than the PSP in ISS, he or she extends his or her time to degree. Further, unlike other teacher education programs, the area of integrated social studies does not have an undergraduate Bachelor of Science in Education licensure program in the College of Education and Human Ecology; therefore, students at Ohio State who wish to teach social studies will pursue the PSP in ISS and then apply to Master of Education licensure programs to complete the remaining course work.

Thank you for your help in bringing the PSP in ISS through the semester conversion process.

With my best regards,

PSP in ISS Semester Conversion Rationale

The conversion of the Personalized Study Program (PSP) in Integrated Social Studies (ISS) is a one-to-one quarter to semester conversion. On quarters, the PSP in ISS requires a minimum of 75 hours (50 hours on the major and 25 hours on the required Geography minor), a total of 15 courses. On semesters, the program requires the same number of courses. The major requires 45 hours (15 courses); the semester version of the major incorporates the licensure courses formerly covered by the minor. Students are no longer required to complete a Geography minor as part of the PSP in ISS.

PSP in ISS Assessment Plan

The following is a preliminary assessment plan for the PSP in ISS. Currently, there are only 22 students pursuing the PSP in ISS, so we believe it will be practicable to follow with these students as they move to MEd programs and find careers. We will continue to work with the College of Education and Human Ecology to make sure students are getting what they need from the program in terms of the State mandates.

Learning Goal

Students complete course work required to meet state-mandated competencies for teacher licensure, grades 7-12.

Indirect Methods of Assessment

Student evaluation of instruction (SEI)
Pre-graduation survey of students
Alumni surveys to determine acceptance into MEd programs and job placement
Benchmarking with peer institutions

Direct Methods of Assessment

Licensure examination

PSP in ISS Transition Policy

The Personalized Study Program (PSP) in Integrated Social Studies (ISS) will allow appropriate substitutions for students, in accordance with the Pledge, when necessary. We do not anticipate that many exceptions will be necessary, given the one-to-one, course-by-course conversion of the program.
