Bill,

On Friday, September 20, the ASC NMS Panel reviewed a new course proposal for Math 4350. The Panel unanimously approved the course with the following contingency: ASCCAS (ASC Curriculum and Assessment Services) will contact Dr. John Bruno (Director—Neuroscience Undergraduate Degree) to see if his concurrence also applies for the Dept of Neuroscience in the College of Medicine. I will include you on that correspondence.

Should your department have any questions about this feedback, please do not hesitate to contact Harald Vaessin, Chair of the ASCC NMS Panel (cc'd on this e-mail), or me.

Best,
Bernadette
