Hello Chuck,

On August 26, the NMS Panel of the ASC Curriculum Committee reviewed the proposed changes to the Microbiology BS. The Panel unanimously approved the changes with the following contingencies:

- On p. 1. (letter): Include short rationale for those changes (short explanation for why those courses are good substitutes).
- Was Stats 2450 purposefully omitted?
- Two dates on page 1 are April 18, 2012 and April 23, 2012. Should probably be 2013.

Please don't hesitate to contact me or Harald Vaessin (Chair of NMS Panel) if you should have any questions about this feedback. Once the changes are made, could you please send me the updated version of the proposal via e-mail?

My best,
Bernadette
