Steve and Christopher:

The proposal from the College of Arts and Sciences to establish an undergraduate minor program in Computational Sciences was approved by the Council on Academic Affairs at its meeting on February 19, 2014. Thank you for attending the meeting and responding to questions/comments.

No additional level of review/approval is necessary. This action will be included in the Council's next Annual Activities Report to the University Senate (June 2014).

This message represents my formal communication with you about this Council action. Please keep a copy for your file on the proposal and I will do the same for the file in the Office of Academic Affairs.

If you have any questions please contact the Chair of the Council, Professor Henry Zerby (zervy.8), or me.

Congratulations on the successful completion of the review/approval process.

Randy

W. Randy Smith, Ph.D.

Vice Provost for Academic Programs
